Hello everyone,

Here is a final agenda for the UPC meeting plus two useful documents: Phil Isorena's presentation on Aquatic Pesticide Regulation in California (touching on the recent Talent court decision) and a tracking table for upcoming federal pesticide activity from Kelly Moran.

Again, in-person attendees please note the NEW LOCATION just off Lake Merritt BART Station: MetroCenter, 101-8th Street, Oakland, Room 171. Call-in number is (916) 255-4044. We will run from 10 to 12, break for lunch, then resume from 12:45 to 2:30pm.

The UP3 web site has also had its first update in several months; basic information about UPC meetings and relevant materials are posted to http://www.up3project.org/up3_upc.shtml.

Thanks,
Athena
