Subject: UPC: March 09 Int'l IPM Symposium: presentations & posters online

For the UPC:

Armand Ruby forwarded a notice that materials from the Sixth International IPM Symposium, held March 24-26 in Portland, OR, have now been posted online. Hundreds of pages' worth of presentations and abstracts are available at

<http://www.ipmcenters.org/ipmsymposium09/abstracts.cfm>. For orientation to the wealth of material, you may wish to check the program at

<http://www.ipmcenters.org/ipmsymposium09/IPM%20Program%2009%20to%20print.pdf>.

Armand and Dave Tamayo both spoke at the conference (as part of Session 62, Structural Pest Control and Water Quality: Issues, Needs, Approaches, Collaborations). Direct links to their presentations are below:

- Armand Ruby, Widespread Surface Water Impacts of Pyrethroids in Urban Areas of California, http://www.ipmcenters.org/ipmsymposium09/62-3_Ruby.pdf

- Dave Tamayo, Sharing the Load: Cross-Jurisdiction Partnerships Enhance IPM Outreach in California

http://www.ipmcenters.org/ipmsymposium09/62-4_Tamayo.pdf

Thanks,
Athena
